Anderson Dufty Builder  
PO Box 9  
MOUNT BARKER WA 6324

Dear Anderson,

**New House for CEO**

I wanted to express my sincere thanks to you and your team for the excellent job that you did in building the new residence in Cranbrook for the incoming CEO.

The design of the house and the quality of the workmanship and finish is really first class. Working with you and your various contractors and sub-contractors has always been a pleasurable experience. You have been extremely flexible and I have appreciated the many design improvements that you have suggested as part of the building process.

As you are aware, this is the third building project that you have delivered for the Shire in Cranbrook – two of which have been new houses for senior staff and the third was the design and construction of the Tenterden Tennis Club. All of these building projects have been delivered on time and on budget, and without any issues being identified after practical completion and during the defects period. From my perspective as CEO, it has been refreshing working with a bunch of tradespeople that take pride in their work. All trades, without exception, have been respectful and thoroughly professional in the execution of their duties.

I am aware that Council values the contribution that you have made to the Shire's infrastructure programme and the feedback from local residents in terms of the quality of your work has always been positive too.

I am grateful to you for your hard work and effort on this particular project and look forward to continuing our close working relationship in the future.

Yours sincerely,

**Peter Northover**  
**CHIEF EXECUTIVE OFFICER**
